

## Charitable Foundation Trustee Vacancy

Could you be a new Trustee for our Charitable Foundation?

This is a great opportunity to make a difference to your local community.

Trustees consider requests for support the Foundation receives and makes judgements on how these fit with the Foundation's objectives and criteria. No formal qualifications are needed but Trustees must be responsible people who have a strong affinity for the local community and the Building Society. Good communication skills are essential and the ability to understand financial statements is desirable. Meetings are held 3 or 4 times a year in Market Harborough and the role is unpaid.
