

Market Harbour Building Society Community Fund Eligibility Guidelines and Guidance Notes

Market Harbour Building Society is committed to making a positive difference in the communities they serve. We're thrilled to announce our partnership with them to launch the Market Harbour Building Society Community Fund.

The fund aims to empower local initiatives, support grassroots projects, and foster a spirit of togetherness. Through the Community Fund, the Market Harbour Building Society aims to tackle the challenges faced by the community head-on and create lasting change where it matters most.

The main need the fund will support is:

Poverty and Disadvantage (which includes):

- Food and fuel poverty
- Housing/homelessness
- Debt relief and financial resilience
- Antisocial behaviour/crime/gangs
- Rural issues/transport
- Abuse/violence/exploitation
- Ex-offenders/at risk of offending

Funding Available

£42,767.21 is available this year. Between 8-20 grants, ranging from £2,000 to £5,000, will go to groups in the Market Harbour Building Society area during 2024.

You must use the grant within one year for things like equipment, staff costs, training, rent, or volunteer expenses.

Since this is a new fund, we don't have data on past success rates yet.
