Full eligibility criteria can be accessed on our intermediary website via [this link](#).

### **3. Target market assessment and distribution strategy**

This target market assessment matrix segments the target customers for the Product, recognising their different needs to enable you to tailor the services you provide when you distribute the Product.

Customer circumstances	Distribution strategy	Customer needs & objectives
A customer who has a long-term borrowing need on a property they intend to occupy (over 5 years).	Available predominantly through intermediary partners*. Direct applications on a case by case basis.  Predominantly advised sales but unregulated business can be non-advised.	<ul style="list-style-type: none"> <li>• Borrowing up to 75% LTV</li> <li>• Borrowing up to £2m</li> <li>• Customers borrowing to purchase or remortgage a property they intend to occupy</li> </ul>
<p>*Intermediary distribution through:</p> <ul style="list-style-type: none"> <li>• Networks and their Appointed Representatives</li> <li>• Mortgage clubs</li> <li>• Directly authorised mortgage intermediaries</li> </ul> <p>All intermediaries must be registered with us.</p>		

The Product is not designed for customers who:

- Have a short-term borrowing need (less than 5 years)
- Do not have a credible repayment strategy for interest only borrowing
- Are credit impaired borrowers
- Intend to own the property purely for investment purposes
- Reside outside of the UK

#### 4. Customers with characteristics of vulnerability

The Product is designed for those with a long term borrowing need, which may include some customers with characteristics of vulnerability or who will experience vulnerability over time.

Residential mortgages should be considered carefully with the advice of a mortgage adviser and other lending options should be considered alongside where appropriate. As this will be the residence of the customer, particular care should be taken to ensure affordability of the mortgage.

We have designed our products and their associated lifecycle to take into account the needs, characteristics, and objectives of customers with characteristics of vulnerability. We will work closely with introducers to ensure their needs are met.

We have also tested the Product to assess whether it will meet the identified needs, characteristics, and objectives of the target market, including customers in the target market who have characteristics of vulnerability.

We have in place a framework to achieve good outcomes for vulnerable customers, which includes:

- Education and training for our staff to ensure they have the appropriate skills and experience to recognise and respond to the needs of vulnerable customers.

- A full-lifecycle customer service proposition to ensure the customer position is understood at outset, with flexible options for changing circumstances
- A bespoke approach that allows us to adapt our offering to our customers' needs
- Society-wide monitoring to ensure we continue to meet and respond to the needs of customers with characteristics of vulnerability.

Intermediaries should continue to comply with your obligations to ensure that you treat customers in vulnerable circumstances fairly.

Please contact us if you need any further information about how we support the needs of all our customers in relation to the Product.

## 5. Our assessment of value

We have developed a comprehensive and robust assessment process which evaluates several aspects of our business to determine the value of our mortgage product. This analysis is used to ascertain whether the Product delivers fair value for customers.

The outcomes of the assessment process are presented to the Society's board of directors allowing for challenge and further investigation before we sign-off the outcomes and share the summary of our assessment with you.

Our fair value assessment has considered the following:

Benefits	Price	Costs	Limitations
The basic features of the product expected by customers and intermediaries. Additional benefits in the form of our bespoke approach, flexibility to consider unusual circumstances and our human approach to customer and intermediary interaction throughout the lifecycle of the loan.	The interest rates, fee and charges customers pay for this type of lending and compared to market rates. Intermediary fees should be factored into any advice to customers.	The cost to the society of funding the product. Complexity and expertise required for processing and third party expenses.	Limitations to our offering, especially in comparison to what is available from competitors.

### Results of our assessment

Our assessment concluded that the Product continues to deliver fair value for customers in the target market for the Product.
